SUMMARY

I'm a Software Engineering Aspirant.
I have strong technical skills in web app development.
In my academic study, I have done MBA, specialised in Information Technology.
Recently I have done 5+ MERN project that. helped me to understand software fundamental very well. I'm open for the opportunity where i can serve my best and keep my learning forward.

WORK EXPERIENCE

Tailwind and React   **2022-present**

- Over the past year, I have gained extensive experience in working with ReactJS and
- Tailwind CSS.
- In addition to ReactJS, I have also become proficient in using Tailwind CSS for styling
- and UI development. Tailwind CSS's utility-first approach has allowed me to rapidly
- build and customize UI components, resulting in faster development cycles.
- in Tailwind Css framework with work experience of more than 2 years.
- Created Taiwind workspace for startups and made specified cards for startups with fully customisation.
- Builld 20 plus projects with tailwind and vite using appwrite as backend server.

EDUCATION

MBA(Information Technology), Swami Vivekanand Subharti University(Meerut)   **2020-2022**

Bachelor of Arts, Swami Vivekanand Subharti University(Meerut)   **2017-2019**
